

2025-2026 Career Fairs & Events

REENTRY SIMULATION

September 9 | 9am-12pm | WSU Tech, South Campus

Reentry Simulations offer a practical, immersive experience of challenges faced by formerly incarcerated individuals reentering the community. Through this interactive event, employers and community members experience navigating the complex barriers to employment, financial stability, housing, and professional reintegration, and gain valuable insights for creating supportive pathways.

INTERIOR DESIGN SHOWCASE

TBD | TBD | WSU Tech, South Campus

This event puts students behind the table instead of employers. They will have their portfolios and projects on display and employers will have the opportunity to see students' works as they present themselves as qualified candidates for hire.
