Responsible Party: Vice President, People & Culture

The College provides eligible employees with a wide array of insurance and other benefits. These benefits are an important part of your compensation and represent a large financial commitment by the College. Some of these benefits are provided at no cost to the employee. Others may require a contribution. Information and summary communications intended to explain these benefits are furnished to all plan participants and beneficiaries on a timely and continuing basis. The College reserves the right to modify, amend, or terminate its benefits as they apply to all current, former, and retired employees. The administrator of each benefit plan has the discretionary authority to determine eligibility for benefits and to construe the plans' terms. If you desire information concerning any benefit or benefit plan, please contact the Director, Compensation & Benefits.
