

COMPOSITE TECHNOLOGY

This program prepares students to be successful in today's highly competitive world of aviation composite technologies. Supported by a solid background in composite theory, students will apply their knowledge in a state of the art composite laboratory at the National Center for Aviation Training.

A well-rounded curriculum allows students hands-on experience in all the stages of the aircrafts life from design to production.

WHY CHOOSE COMPOSITES?

- ☐ State-of-the-art facilities
- ☐ In the Wichita area – typically makes \$18/hour
- ☐ High demand in industry
- ☐ Hands on training
- ☐ Job security
- ☐ Financial Aid eligible
