

# ELECTRIC POWER DISTRIBUTION

The **Electrical Power Distribution** is a program that prepares student for careers in the electrical utility industry as power line workers responsible for building, maintaining and repairing overhead and underground electrical distribution systems. Through a combination of classroom instruction, hands-on training, and field experience, students develop the technical knowledge and physical skills required to safely work with high-voltage systems. Coursework covers electrical theory, pole climbing, rigging, equipment operation, system maintenance and live-line procedures.

| Degree And Certificate Options   | Length  | Cost      | Average Wage | Example Job Titles                          |
|----------------------------------|---------|-----------|--------------|---------------------------------------------|
| AAS- Electric Power Distribution | 2 years | \$ 15,234 | Coming Soon  | Distribution Lineman<br>Line Technician     |
| Technical Certificate C          | 1 Year  | \$ 11,421 | Coming Soon  | Utility Lineworker<br>Power Line Technician |

## PROGRAM CONTACTS:

### Mary Allison

Admissions Counselor

## OTHER REQUIREMENTS

- ♦ Minimum Age: 17 years old.
- ♦ Must be eligible to obtain a CDL.

## WHY CHOOSE ELECTRICAL TECHNOLOGY?

- ♦ Linemen are in high demand.
- ♦ Learn valuable skills.
- ♦ Team-oriented career.

## WHEN/WHERE ARE CLASSES?

- ♦ Monday-Friday 8am-11am or 12pm-3pm.
- ♦ Classes held at City Center campus located at 301 S. Grove St. Wichita, KS 67211.
- ♦ New students start each Spring (January).
