Stand-By Status

Some students may be selected for stand-by status. This means an applicant may be accepted into the program when someone declines to attend or does not meet required deadlines. Stand-by applicants are accepted into the program up to and including the second day of classes. A letter is sent to applicants who are placed on stand-by status.

Acceptance

It is essential for students on stand-by status to have all financial aid, physical information, CPR course, background check and drug screening completed, as this could be a determining factor for getting into the program on short notice.

Resubmitting Application

Applicants who are not accepted into a specific program are notified and must complete an Information Update. Test scores and transcripts are filed with the registrar, WATC Main Campus. Applicants must attend another information session.

- ❑ **Contact Admissions, 316.677.9400, to verify that all requirements have been met.**
